#### Mechanical Repair, Bluing & Refinishing Notes

**Rust, Pitting, and Neglect:** Firearms that have heavy rust, pitting, or those showing signs of neglect are subject to additional fees.

**Engraving:** • Firearms with heavy pitting, rust, and neglect may require additional polishing that results in lost engraving. We do offer touch-up and re-engraving of factory patterns for the purpose of restoration. All engraving quotes will be given only upon visual inspection of the firearm • Engraving quotes will not be delivered through e-mail or over the phone without prior inspection of an MGW gunsmith. • Please do not send images of your engraving to us through e-mail, UPS, Fed-Ex, or The U.S.P.S, these images will be deleted or discarded. • A gunsmith at our facility must have the firearm in his hand for an accurate quote to take place.

**Triggers:** Reblue, Case Color and any other metal refinishing does not include re-gold of trigger.

**Cerakote Finishing Notes**

* Extra Polish charges may apply if the product has rust or pitting.
* Cerakote will not fill pitting or scratches in the product.
* Midwest Gun Works is not responsible for the function of your firearm if customer elects to assemble or disassemble the firearm themselves.
* Any loose parts shipped to Midwest Gun Works for Cerakoting must be accompanied with an inventory list.
* Midwest Gun Works will not Cerakote the internal moving parts of your firearm. The firearm was designed with specific tolerances for fit and function, and may not operate properly if Cerakote is applied.

**Mechanical Repair, Bluing & Refinishing Notes**

**Receiver Only:** "Receiver Only" refers to all metal components except barrel. • Most bluing fades over time with or without use of the firearm. We recommend having both the receiver and the barrel reblued at the same time.

**Rust, Pitting, and Neglect:** Firearms that have heavy rust, pitting, or those showing signs of neglect are subject to additional fees.

**Engraving:** • Firearms with heavy pitting, rust, and neglect may require additional polishing that results in lost engraving. We do offer touch-up and re-engraving of factory patterns for the purpose of restoration. All engraving quotes will be given only upon visual inspection of the firearm • Engraving quotes will not be delivered through e-mail or over the phone without prior inspection of an MGW gunsmith. • Please do not send images of your engraving to us through e-mail, UPS, Fed-Ex, or The U.S.P.S. these images will be deleted or discarded. • A gunsmith at our facility must have the firearm in his hand for an accurate quote to take place.

**Triggers:** Reblue, Case Color and any other metal refinishing does not include re-gold of trigger.

Cerakote Finishing Notes

* Extra Polish charges may apply if the product has rust or pitting.
* Cerakote will not fill pitting or scratches in the product.
* Midwest Gun Works is not responsible for the function of your firearm if customer elects to assemble or disassemble the firearm themselves.
* Any loose parts shipped to Midwest Gun Works for Cerakoting must be accompanied with an inventory list.
* Midwest Gun Works will not Cerakote the internal moving parts of your firearm. The firearm was designed with specific tolerances for fit and function, and may not operate properly if Cerakote is applied.
